Dear Families and Employees,

This letter is the annual notification to inform all concerned that our school has an Asbestos Management Plan in the school office and it is available for review by appointment.

Our school has periodic a surveillance performed every June and December, and the diocese performs a re-inspection of our facilities every three years. All the asbestos that creates an immediate health hazard has been either removed or contained to provide a safe environment for our students and staff members.

Sincerely,
Anne Luebbert, Principal
Immaculate Conception School
